About Us

Good drivers are products of years and years of training, tactical awareness on the road, good driving skills and they are overall law abiding citizens.

The **Department of Road and Transport** may have traffic officers patrolling day in day out, all the laws and signs for everything, but it takes a good driver to retain a spectrum of awareness and consistency on the road. The **VW Mnisi Driving School** is a bridge grooming people with not driving experience to reminding drivers with years of experience as well as teaching the upcoming generations all the necessary driving regulations in order to establish an array of good drivers.

Established in 2015 The **VW Mnisi Driving School** is vision of **Vusi Mnisi** with the aim of improving driving skills of all motorist in South Africa.

Having looked at the alarming statistics of road accidents, we engaged on a research which proved that most road accidents are caused by human negligence. Therefor **VW Mnisi Driving School** was created to govern and regularly update and take appropriate initiatives in order for the drivers to remain the well-known road safety champions today and for the future.

Mission Statement

The importance of road safety is at a critical stage, providing an efficient quality training programme for all drivers is imperative.

The primary goal of **VW Mnisi Driving School** is to empower the **Department of Road and Transport, Mining Industry, Transport and Logistics** companies, Road Safety regulatory boards, the **Taxi Industry** as well individual motorist, passengers with the intention of creating a movable force in the workplace, amongst motorists while at the same time increasing the level of road awareness. Our service in road safety and communication is in accordance with the international laws of the road.

Vision

The road transport and logistics industry carries our country's economy, whilst the lack of skilled drivers keep decreasing year by year because of the number of accidents happening on the roads. We hope to work with Department of Transport in ensuring that all drivers are compliant with **VW Mnisi Driving School** and have attended various programmes designed to help them learn more about regulations of the road.

- Our vision is to be a leading training provider of road, driving and transport regulations in Southern Africa.
- To provide services that cater for all of drivers.
- To Expand our operations and or initiatives to foreign territories.
- To establish relationships mainly with logistics and transport companies.
- To have offices in all 9 provinces that expand our operations to all parts of the country.

Objectives

- To create hazard free roads in South Africa
- To create an awareness on the importance of positive communication skills and behaviour on the road.
- To train and provide highly skilled drivers for the South African transportation and commuting industry.
- To provide an advanced driving and refresher course to all motorist.

What We Do

Training the Driver :

VW Mnisi Driving School will serve as an accreditor of additional qualification s above the government issued driver's license. The idea being that all drivers in the commercial industry should obtain a certificate to be considered for jobs in that sector. Although optional, drivers who are not in the industry can also get a qualification.

The training itself will involve a number of topics considered to be vital on road safety. We will look at the importance of physical and mental well-being on the road. We will cover communication skills on the road, the effects of alcohol, drugs, fatigue and the whole work rest cycle.

We will offer training to all profit (public transportation, mining companies and security companies) and none-profit making organizations, government and individuals alike. The training is for mini bus, truck, bus, tractor drivers and bikers
